

# Green Series Medical Exam Lights

Whiter, Brighter, Greener

Reduce energy consumption. Eliminate bulb replacement.

LEDs, which never require replacement, provide a whiter, brighter light than ever before and consume less energy.

A family of exam lights that can fit into any healthcare environment, with:

- perfect combination of intense light output and cool operation in a compact design
- affordable price and rugged performance
- touchless on/off
- multiple mounting options for floor space maximisation
- low cost of ownership due to elimination of bulb replacement and lower energy consumption.
