Battery Charger Assembly Instructions

# 107144

12V, 3A

100-240V
50-60 Hz

CAUTION Use appropriate power plug for your country.

# 107142
107143

CAUTION

- Do not modify this equipment without authorization of the manufacturer.
- Use appropriate power plug for your country.
- Do not use batteries from other sources. This may result in excessive temperatures, fire, or explosion.

WARNING

- The battery charger (non-medical electrical equipment) shall be situated outside the patient environment (reference IEC 60601-1-1).
- Electric shock hazard. Do not open the battery charger or attempt repairs. The battery charger has no user-serviceable internal parts. Inspection and servicing of internal parts shall only be performed by qualified service personnel.
- Electric shock hazard. Before cleaning the battery charger, disconnect the AC power cord from the mains outlet and the power source.
- Do not use batteries from other sources. This may result in excessive temperatures, fire, or explosion.
