

# Spot Vital Signs® and Spot Vital Signs® LXi Trial Device Request Form

Welch Allyn has developed this program to allow our customers the opportunity to evaluate Spot Vital Signs and Spot Vital Signs LXi devices in a practical clinical setting. Consumables are provided free of charge with the understanding that the device and all reusable accessories will be returned to Welch Allyn in accordance with the guidelines listed below.

## PROGRAM DESCRIPTION

Welch Allyn will provide the Spot Vital Signs or Spot Vital Signs LXi, accessories and probe covers at no charge for the purpose of a clinical evaluation to determine whether to purchase a Spot Vital Signs or Spot Vital Signs LXi. Devices will be shipped to the customer's facility for a maximum two-week evaluation period upon receipt of an authorized "No Charge" Purchase Order. The contact person named below will be responsible for ensuring that the device and accessories are returned to Welch Allyn after the evaluation period. A return-shipping label will be provided by Welch Allyn.

## CONDITIONS

Spot Vital Signs and Spot Vital Signs LXi devices evaluated under this program are the property of Welch Allyn and, as such, are not for sale. The Purchase Order number provided above will not be used unless the trial devices are not returned to Welch Allyn. Devices not returned to Welch Allyn within 60 days of the Trial End Date listed above will be invoiced to the facility according to the total charges listed above. Instructions for returning trial devices to Welch Allyn will be sent directly to the Contact Person listed above. The facility should retain the original shipping boxes. Please use these boxes when shipping the device and accessories back to Welch Allyn. Replacement boxes for return shipping will be billed to the customer. If a returned device is damaged due to customer misuse, the customer will be charged for the device and any damaged accessories.
