

Product Obsolescence Announcement

The 79280 PocketScope Desk Charger

With the introduction of the new 71140 Universal Desk Charger which can be configured to recharge the 2.5v PocketScope handles with an adapter (part no. 71249), the need for an additional PocketScope charger is no longer necessary. Because of this Welch Allyn will be discontinuing the production of the 79280 PocketScope Desk Charger effective 12/31/01.

Below is a list of **Part/Set Number changes** that reflect this obsolescence:
