Welch Allyn Vitals Connectivity with Epic

Accurate, automatic vitals sent to your EMR from the point of care to help you improve staff productivity, patient outcomes and risk reduction

A connected solution can help you improve clinical workflows and reduce errors.

**Unconnected workflow:**
1. Take patient’s vital signs
2. Document on paper
3. Open patient’s chart in Visit Navigator®
4. Type each vital sign recorded on paper into its respective vitals field in the patient’s chart

**Connected workflow:**
1. Take patient’s vital signs
2. Click on Vitals button on Visit Navigator
3. Click on Import on External Results Entry
4. Validated vitals will appear in Visit Navigator
Connectivity Counts

The impact on time savings, accuracy and clinical workflows is significant.

- **Save time** previously spent manually entering data into the EMR
- **Improve accuracy** by avoiding manual processes and associated errors
- **Work more efficiently** by freeing up time for other priorities

---

**USB Workflow**

Clinician connects Connex® Spot Monitor to computer via USB cord. Clinician takes patient vitals. No PHI is entered on device. Vitals data is transferred via the USB cable to the EMR and is updated in Visit Navigator.

**Bluetooth® Workflow**

Clinician uses Connex Spot Monitor touchscreen to select desired computer and connect. Clinician takes patient vitals. No PHI is entered on device. Vital signs data is transferred over Bluetooth to the EMR and is updated in Visit Navigator.

---

**Supports Citrix® Environment**

**Thin client:** The Welch Allyn Virtual Channel Client (VCC) software enables a remote thin client to utilize USB-connected devices. Order Welch Allyn part number 103945. Customer will need to purchase a license and installation services. Order Welch Allyn part numbers 106371 and PS-CS-13.

---

The following Welch Allyn vital signs products all interface with Epic: Connex Spot Monitor, Connex Vital Signs Monitor, Spot Vital Signs® LXi Device and Connex Integrated Wall System. Contact your Welch Allyn representative for more information on how to connect.
