Welch Allyn
KleenSpec® Disposable Vaginal Specula and Cordless Illumination System

An advancement in women’s health technology that’s nothing short of brilliant
Welch Allyn KleenSpec® Disposable Vaginal Speculum and Cordless Illumination System—

now in every size for every type of patient.

590 Series KleenSpec Disposable Vaginal Speculum

Enhance Patient Comfort
• The new extra small speculum allows you to perform a comfortable exam with virginal/pediatric patients as well as post-menopausal and post-hysterectomy women—no more referrals or uncomfortable exams using metal specula or the wrong size
• Smooth, molded acrylic designed to prevent pinching or binding of tissue for greater patient comfort

Help Reduce Cross-Contamination
• Single-use speculum helps to reduce cross-contamination for improved patient safety while eliminating the time and expense of reprocessing metal specs

Improve Staff Productivity
• Features a wider handle design for improved maneuverability and better balance during exams
• A strong grip and a yoke that’s more flexible than low-cost substitutes

Look for the distinctive Welch Allyn blue, green, white and yellow colored handles
This light is brighter than any I have ever seen and shows true tissue color. I would recommend this system to any clinicians looking to improve the quality of their care.

Shelley Kolton, MD / Downtown Women OB/Gyn Associates / New York City, NY

KleenSpec Cordless Illumination System

- LED technology offers a whiter, brighter light and true tissue color during an exam
- No bulb replacement necessary for a reduced cost of ownership
- Features a cordless design so you’ll never have to worry about cords getting in your way, breaking or needing to be cleaned, speeding the exam and giving you a full range of motion
- Fits every size speculum
- Uniform spot—no dark or hot spots—for enhanced visualization of the exam area
- Produces much less heat than traditional lamps and has a continuous on time of 80 minutes
- A lithium ion battery provides a recharge time of five hours

A site that conducts 75 exams per week can save more than $8,000 per year by switching from metal to disposable specula*
